Glitz Velvetty Gel is a **Cross Gel** that combines the best of acrylic and hard gel to bring you beautiful natural looking nails that is easier to use, lighter, and stronger.

Step 1: Started by doing a dry manicure to remove cuticles and oils from the nail plate. Clean with pure acetone using a lint free wipe.

Step 2: Apply a thin coat of **Glitz Base Gel** and cure for 10 seconds.

Step 3: Apply a small bead of **Glitz Velvetty Gel** using **dual-ended Velvetty Gel brush** onto the nail. Saturate a brush with **Glitz Gel Base** and smooth the **Velvetty Gel** onto the entire nail surface. Avoid touching the cuticle area. Then cure for 60 seconds under an LED lamp.

Step 4: Remove residue using isopropyl alcohol 70% or 90%

Step 5: shape and buff the nail. Remove excess dust and wipe nails using isopropyl alcohol

Step 6: Apply **Glitz No Wipe Top Coat** or **Gel Polish** of your choice.
